(Alec Thompson)

Questions? Mary Gregory, Event Committee Member at 419-512-0056 or [mfgregory@nooter.com](mailto:mfgregory@nooter.com)

*"The distinct character of this project arises from its role in the Canada-US trade relationship, its function as a facility not only for traffic movement but also for border processing, and its pivotal position in the highway network that is the connective tissue of the binational GLSL economic region."*

- Cross Border Institute

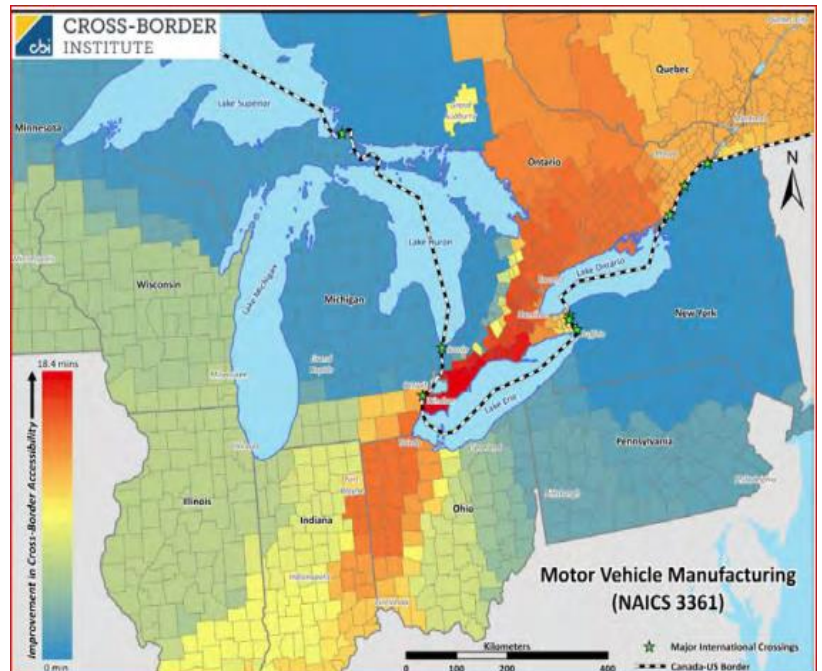

## PRESENTERS / PANELISTS

- Marta Leardi-Anderson: Cross Border Institute at the University of Windsor
- Tim Mayle: Center for Advanced Manufacturing
- Susan Restrepo: Ohio Department of Development
- Heather Grondin: Windsor-Detroit Bridge Authority
- Jim Robey: Robey Analytics and Vestian Global Workplace Services
- Dennis Burnside: Vestian Global Workplace Services

## ASK QUESTIONS, SHARE YOUR PERSPECTIVE

Let's continue the regional discussion of the impacts this enhanced crossing option will have for our region.

- How might real estate in our region be affected?
- How might logistics in our region be affected?
- What impact might there be on our workforce?
- How will our region's automotive, agricultural, plastics, metal, rubber, chemical, and other industries be affected?
- What are the predicted benefits of the improved inbound and outbound inspection facilities?
- Will there be significantly more social and economic interaction?
- Which communities within our Great Lakes Region will be most impacted? Only those along I75, or might it be farther reaching?
- What should each of us do to reap benefits from this project?
- How soon might we notice effects?

## WHAT'S YOUR PERSPECTIVE?

COME TO NETWORK AND HELP YOUR REGIONAL PARTNERS  
TAKE ADVANTAGE OF THE POSITIVES  
AND MITIGATE THE CHALLENGES.
